

Healthy healing starts with **BETADINE**[®]

Healthy healing starts with **BETADINE**[®] antiseptic products.

The **BETADINE**[®] range of products has been used by doctors and consumers around the world for over 55 years to treat and prevent infections.

As a testament of the products' quality, **BETADINE**[®] Antiseptic and **BETADINE**[™] Daily Intimate Care ranges have respectively been voted 'Product of the Year 2019' in the Healthcare and Feminine Care categories, following a survey of 4,000 South African households by Nielsen.

Depending on the product, **BETADINE**[®] prevents sore throats, treat scalp conditions, help with minor cuts and grazes and ensure the intimate area to stay healthy.

All in all, **BETADINE**[®] stops small issues before they become big ones. Prevent infections by using **BETADINE**[®] early to protect your family and friends around you.

Have an infection? Consider a **BETADINE**[®] solution.
